there will be refreshments
and a time to talk

For the hard of hearing
there is a loop system fitted

There are rooms for parents to
take children who are making more
noise than they are comfortable
with. Upstairs you can view and
hear the service, or downstairs, on
the left through the main entrance,
you can hear only but it is more
soundproof.

Toilets are on the right as you
enter the front porch and a toilet for
the disabled can be found at the
